Dear Union Grove Members, Friends, and Family:

As the season changes, we are beginning to see more people getting sick. Just remember, your symptoms may not be the common cold. Many respiratory viruses – like influenza and the coronavirus - are going around so take care to protect yourself and the folks around you.

Since we updated you yesterday, we have had one member test positive for COVID-19. Currently we have two cases of COVID-19 on campus (one member, one employee).

Thank you, again for your encouragement and support. Keep warm and stay safe. As always, mask up, wash your hands frequently and stay socially distant.

Sincerely,

Syble Barry
